Suitable for all abilities.

### What will I learn?

The session will begin with some brief warm up exercises and short poses. One to one tuition and instruction on figure drawing will be given as needed. After a short break, the session will end with longer poses and critique. Time is given at the beginning of the class to set up easels, prepare and do some warm up exercises as well as time for discussing and sharing work at the end of the session which will help in the process of learning.

### Course outcomes:

Learners will be able to observe and draw from a life model. We plan to provide male and female models through the four available sessions.
